

My Special Name

As we begin the year, we want to learn more about each other. We want to know more about our names and the stories behind them. Today we read a book called My Name is Johari. It is about a girl who loved her name until someone at school told her it was silly. Her teacher told the class to find out what each of their names meant and to come back to school ready to share their stories. When everyone had a chance to share a story about their names, the children understood that everyone's name is very special. Please tell your child about how he/she was named and write it here for us to discuss in Circle. (Use the back if you need more space). In the box, let your child write his/her name and make it look interesting with colors or designs of his/her choosing. Thank you for helping us with this activity. Please return this sheet to school by Thursday.
